PLANTS,

Flower and Vegetable Seeds

For the SPRING of 1880.

NURSERIES, { FLUSHING AVENUE, (ASTORIA,) LONG ISLAND CITY, QUEENS COUNTY, N. Y.

Store, 45 West 14th Street, New York.

De Lacy & Willson, Printers, 64 & 66 John St., N. Y.

NOTICE.

Those unacquainted with the different kinds of plants that bloom throughout the season, would be advantageously supplied, if, in giving orders, they state the object they wish to effect, also the sum they wish to expend, giving the names of what they already have, when a selection will be made suitable for the purpose, and doubtless prove more satisfactory than if made by themselves, as it is no easy matter to judge of varieties by reading a description. When selections are left to me, purchasers may depend upon receiving the best sorts and the best plants.

Orders by mail promptly attended to. I desire to be informed of any error or omission (should any occur), so that it may be corrected at once, as it is my desire to satisfy all who may favor me with their orders.

All plants sent out by me will be carefully packed, and delivered on board steamboat or railroad free of charge, after which they are at the risk of purchaser.

Special attention is called to my collections of Plants for Bedding purposes.—See Cover.

Bouquets, Baskets, Wreaths, Crosses and other Floral Designs arranged in the most artistic style, to order.

A large supply of the rarest and choicest cut flowers and ornamental and blooming plants will be found on hand at all seasons. Also a full line of Florists' fancy goods, such as all manner of Flower Stands, Straw and Willow Ware, Rustic Baskets, Stands and Fancy Pots, &c., &c.

Flower and Vegetable Seeds of every description. Hyacinths, Tulips and all other bulbous roots in their season.

NEW COLEUS FOR THE SPRING, 1880.

I offer three new and remarkably distinct collections of this family of ornamental foliage plants. They will be found, without doubt, the choicest and handsomest varieties ever introduced. They have been raised by H. A. Dreer, Philadelphia, Pa., from seed procured from Queensland. From the lithographic plate attached to my Catalogue, some idea may be had of the marvellous beauty of those varieties represented. All parties who have seen them were much impressed with their wonderful beauty, and acknowledged they are the finest acquisition ever sent out.

I have classified them into three sets, each being entirely distinct from the other, thereby affording customers the opportunity to obtain one or the entire three sets, as desired.

They will be ready for sale after March 1st.

GEM. Carmine centre; broad, green margin, maculated with yellow.

ORNATUS. Central part of the leaf pale yellow, changing to white; broad, light-green margin.

Ten new varieties sent out by Mr. Wm. Bull of London, England. They will be found very handsome novelties, and deserve a place in every collection of this ornamental class of foliage plants.

Price, 50 cents each. $1 00 for set of 10 varieties.

Coleus Fame,	Corsair,
" Favorite,	Le Coutanconnais,
" Lord Oxford,	Grotesque,
" M. Delaux,	M. Colmet D'Aage,
" M. Prosper Hochet,	Distinction.

New Coleus Hendersonii.

This handsome variety was introduced by Messrs. E. G. Henderson & Son, London, England. Of vigorous habit, it is admirably adapted for bedding or ribboning. The centre of the leaf is of a deep crimson-red, veined and beautifully magined with a deep rich golden yellow.

Price, 50 cents each. $5 00 per Dozen.

NEW PLANTS, AND OTHERS WORTHY OF SPECIAL NOTICE.

Coleus, George Bunyard.

A distinct variety, of robust habit, producing leaves of good size. Its midrib veins and connecting veinlets are of a deep carmine color. The upper surface of the leaf is of a bronzy crimson, edged with yellow and a rich green. For greenhouse conservatory or bedding it will be found very valuable. Price, 25 cents each. $2 00 per Dozen.

Coleus, Kentish Fire.

Like the former, this is another fine and attractive variety. The leaves are deeply serrated. The centre is a bright vermillion color, changing to carmine, edged with a dark metallic green. Price, 25 cents each. $2 00 per Dozen.

Coleus, Golden Fleece.

Leaves deeply and unequally serrated, of a deep golden color, the the under surface red. Price, 25 cents each. $2 50 per Dozen.

Coleus, Triomphe de Lierval.

The leaves of this variety are large and abovate in form. The upper surface of the leaf is a dark greenish yellow, edged with purple. The midrib and veins underneath being deeply marked with the latter color. Price, 25 cents each. $2 50 per Dozen.

Coleus, Fascination.

A remarkably distinct variety. The centre of the leaf is of a rich rose-color, edged with deep bronze. Price, 25 cents each. $2 50 per Dozen.

An exceedingly decorative variety of good habit and free growth. The color of the leaf is a rich vermillion red, edged with yellow. Price, 25 cents each. $2 50 per Dozen.

Coleus, Garnet.

This is a very free-growing variety, streaked with pink and bronze on the surface of a bright green. Price, 25 cents each. $2 00 per Dozen.

Coleus, Patersonii.

This is a very handsome variety, with large, broad foliage of a deep yellow, finely fimbriated on the edge. For ribboning or decorative purposes it will be found very desirable. Price, 30 cents each. $3 00 per Dozen.

Coleus, Lord Falmouth.

An exceedingly distinct and pretty variety. The centre of the leaf is a brilliant crimson; olive-green margin. Price, 30 cents each. $3 00 per Dozen.

New Aschyranthus Walsii.

A new and very beautiful Aschyranthus of a dwarf, compact habit, admirably adapted for ribboning, bedding, or pot culture. The foliage is small and ovate in form, of a deep, metallic color. Price, 50 cents each. $4 50 per Dozen.

Acaphia Macaffeana.

A very fine plant, of erect habit and broad-spreading foliage. The leaves are obcorate and serrate, eight inches long and six broad, frequently cut into many forms and very highly colored, bright red blotched with deep bronzy crimson. It is very decorative for budding out or for the greenhouse or conservatory. Price, 30 cents each ; $3.00 per dozen.

Acalphia Marginata.

This variety, like the former, is very handsome, being highly varigated with various shades of orange and red, giving it a very effective appearance. Price, 30 cents each ; $3.00 per dozen.

Abutilon Darwinii Tessellatum.

The variegation of this attractive plant shows three distinct shades of coloring, the deep green of the leaves being marbled or tessellated with golden yellow, and a tint intermediate between the two. The flowers are of a cinnabar red color, veined with crimson. Price, 50 cents each.

Abutilon Roseum Superbum.

Entirely distinct, producing flowers of a rich rose color, veined with a delicate pink, flowering in great profusion during the entire season. Price, 30 cents each ; $3.00 per dozen.

Abutilon Auguste Pasewold.

This is the finest variegated variety as yet sent out, surpassing in beauty A. Sellowianum Marmoratum. The foliage is large and thick set, beautifully blocked with green, yellow and a creamy white It will be highly prised as a greenhouse or conservatory plant. Price 25 to 50 cents each.

Anthericum Vilatum Folia Variegata.

A beautiful greenhouse or conservatory plant, with recurved graceful foliage, which attains a growth of about three feet. The leaves are dark green, beautifully marked with broad stripes and bands of a creamy white color. It produces long spikes of pretty, small white star-shaped flowers, which are quite effective. It is also very ornamental as a specimen or basket plant. Price, 25 to 75 cents each.

Iberis Gigantea Alba.

(NEW WHITE HARDY CANDYTUFT.)

I have the pleasure of offering a herbaceous or hardy variety of this well-known plant. It will prove valuable to the florist or amateur, whether wanted as a bedding plant or for cut flowers, and is well adapted for cemetary decoration. The flowers are twice the size of the old species and are pure white. Price, 30 cents each ; $3.00 per dozen.

New Double White Geranium. Amelia Baltet.

This is unquestionably the best double white Geranium sent out. It is of dwarf compact habit, a free bloomer, throwing its flower trusses well above the foliage. The flowers are of great substance and pure white in color. Price, 50 cents each ; $5.00 per dozen.

Double White Geranium. Adelaide Blanchon.

A remarkably fine double white flowering variety of good, vigorous habit. Truss fine formed and very large. Price, 30 cents each ; $3.00 per dozen.

Double Geranium. Jennie Reid.

A perfect gem. Flowers bright rich scarlet, borne well above the foliage in great profusion, of remarkable dwarf habit and small foliage. For bedding it will take its rank among the foremost of this family of plants. Price, 30 cents each ; $3.00 per dozen.

Double Geranium. Auguste Villermo.

A handsome variety, of a bright orange scarlet color, trusses and individual florets, very large and showy, of very free flowering habit. Price, 30 cents each; $3.00 per dozen.

Geranium. New Life.

A remarkably new striped variety, which will be found quite effective. Ground color deep scarlet, striped and blotched with white. Price, 50 cents each.

Double Geranium. Bishop Wood.

Undoubtedly one of the best double Geraniums in cultivation. For freeness of bloom it stands unequalled. The truss and individual florets are large and showy. Color, amaranth red. Price, 30 cents each ; $3.00 per dozen.

Anna Montel. Double Geranium.

Color bright rosy violet, white eye, of fine dwarf habit, admirably adapted for bedding-out or pot culture. Price, 30 cents each ; $3.00 per dozen.

Double Geranium. Summit of Perfection.

One of the best and handsomest varieties as a bedder. A prolific bloomer, it produces flowers of a rich vermillion color of immense size. Fine for pot culture. Price. 25 cents each ; $2.50 per dozen.

Geranium. Happy Thought.

This is a novel and interesting variety, differing from all others in style of variegation, having a large yellow blotch in the centre of the leaf, with a green margin. Flowers, rich magenta rose. Habit, dwarf. Price, 30 cents each; $3.00 per dozen.

Geranium Distinction.

Another remarkable novelty. The leaves, which are nearly circular, are very dark green, having a narrow band of jet black near the margin; quite distinct from anything in cultivation, the flowers are crimson. Price, 30 cents each; $3.00 per dozen.

Geranium, New Bronze "Earl Roslyn."

Very dwarf and compact, leaves golden yellow, strongly marked with a band of dark maroon. One of the best bedding sorts, keeping its character the entire season. Price, 30 cents each; $3.00 per dozen.

Geranium Bronze. Mrs. Eleanor Buckley.

One of the handsomest of bronze Geraniums. Admirably adapted for bedding or ribboning; of good, vigorous habit. Color of leaves golden yellow marked very prominently with a deep chocolate zone. Flowers, rich carmine. Price, 30 cents each; $3.00 per dozen.

(Passion Vine), Passiflora Quadrangularis Folia Variegata.

This magnificent variety is one of the most ornamental climbers as yet introduced, The habit of growth is as free as any of the old well known varieties. The foliage is beautifully dotted and striped with a rich golden yellow color on a ground of deep green. It will be highly prized as a greenhouse, conservatory, or as an out door Summer climber. Price, 30 cents each.

Eryngium Leavenworthii.

A handsome and showy annual, with stems from one to three feet high, and very branching. The heads are a beautiful purple. Branches cut after the flowers and leaves have matured will last three months, making it a very valuable addition to Winter boquets. Price, 25 cents each; $2.00 per dozen.

Euphorbia Corrolata.

Few plants of recent introduction possess more interest or are likely to prove more valuable to the Florist or Amateur, whether wanted as a bedding plant or for cut flowers. It attains a growth of about two feet, is very branching. and is completely covered with delicate white flowers from June until frost. From its delicacy and beauty it resembles white Forget-me-not. The plant is herbaceous and perfectly hardy. Price, 30 cents each; $3.00 per dozen.

Cyprepidium Spectabilis.

A herbaceous "or hardy" variety of this beautiful plant. The flowers are very large and of a singular and delicate color. The upper divisions are pure white, the lip being rosy white elegantly tinted with carmine. To thrive well it requires a most situation. Price, 50 cents each; $4.00 per dozen.

Celosia Plumosa Superba.

An exceedingly graceful variety of the feathered pyramidal Cockscomb, with immense plumes of flowers of a deep crimson coler. It is splendid for bedding during Summer, and has no equal for winter flowering. Plants bedded out in Summer, if lifted and potted in Fall, will bloom all winter in the greenhouse or conservatory. Prics, 20 cents each ; $2.00 per dozen.

Begonias, Tuberous-Rooted.

This class are resplendent with their beautiful flowers of various shades during the Summer and Autumn. Being as hardy as most of the plants used for bedding out, they constitute a valuable addition to them. They are also valuable for greenhouse or conservatory, requiring the same treatment as other bulbous roots.

B. Boliviensis.

Flowers, orange scarlet, of a long drooping habit. Price, 30 cents each.

B. Sedenii.

Fine large flowering of a rich rose magenta color. Price, 30 cents each.

B. Pearceii.

A fine variety, with fine olive-green foliage. Flowers of a bright yellow, fully one inch in diameter. Price, 30 cents each.

Froebeli.

Flowers large, scarlet. Price, 30 cents each.

Pandanus Veitchii.

This magnificent variety surpasses any other species, either as an exhibition plant or for decorative purposes. The leaves are of a bright green color, beautifully striped with broad bands and lines of pure white. They average 2 feet in length by 3 inches in width, growing erect from the stem, but towards the end gracefully curving; thus giving the plant a most elegant appearance, showing it to be distinct in habit as well as in coloring. Price, $1 to $5 each, according to size.

Poinsettia Pulcherrima Pelnissima.

(Double Flowering Poinsettia.)

This remarkable Poinsettia is unquestionably the greatest acquisition in Winter-flowering plants ever introduced. Its gorgeous bracts, produced in profusion from the repeated branchings of the flowering stem, form a massive head of brilliant scarlet, unsurpassed by any flowering plant in cultivation. Price, plants in 2½ inch pots, 50 cents each; large plants, $1 and $3 each, according to size.

Phyllanthus Nivosus.

This is a deciduous greenhouse shrub from the New Hebrides Islands. It is of free branching habit, and clothed with alternate leaves, which are frequently almost entirely covered with a mottling of white, but in some cases partially veined with green. When well developed, the plant has the appearance of a sheet of snow —whence the name *nivosus*. The women of the Island of Tanna (one of the New Hebrides Group) use the sprays of snow-white foliage of this plant for the adornment of their dark tresses, and it is certainly a beautiful selection, showing their teste in head-dresses. Price, $1 each.

Coprosma Variegata.

A free-growing greenhouse plant. The leaves are ovate and bluntly rounded, and they have a smooth surface of pale green, marked with blotches of pale yellow and creamy-white, spreading out from the mid-rib on one or both sides, and assuming a variety of forms. Price, 50 cents each.

Lasiandra Macrantha.

A very free-growing plant, introduced from Brazil, giving, when 3 or 4 feet high, a profusing of fine saucer-shaped flowers, which are of a rich violet-blue color. This plant has been found not to produce its flowers freely in a small state, but when grown into a large plant it flowers abundantly from all the terminal shoots, and is then extremely effective for a conservatory. Price, 30 cents each.

Mackaya Bella.

This most beautiful Acanthaceous plant is a native of the bed of the Tongat River, Natal. It is a tall, slender, nearly glabrous shrub, with virgate branches. The flowers have a pale lilac corolla, nearly two inches long, the throat ornamented with most delicately pencilled reticulated purple veins, tubular below, campanulate upwards, with a deeply five-lobed spreading limb. This plant is very floriferous, and when in full bloom appears a mass of most delicate, pendent, campanulate flowers. Price, 30 cents each.

New Solanum Azureum.

This new species is a highly ornamental flowering greenhouse plant. It was discovered by Mr. Roezl in the province of Quito Ecuado in Peru, who describes it as one of the most beautiful and effective objects he had ever seen. It forms a very neat well branched and compact habit of growth with myrtle like leaves. The flowers which are nearly salver shaped and compared to Nemophila Insignis in size with an angular outline, are freely produced in terminal racemes, and being a brilliant marine-blue in color rivalling that of Delphenium Hendersonii, it imparts a very beautiful effect when blended with other greenhouse and conservatory groups. The earliest blossoms are succeeded by scarlet berries giving the plant a very handsome and effective appearance. Price, $1 each.

Croton Challenger.

An extremely distinct and attractive variety from the South Sea Islands. Its long broadish lanceolate leaves are spreading and recurved, of a light green color, profusely blotched and marked with light yellow, which assumes a rosy hue as the foliage acquires age. The mid-rib of the leaf is creamy white, which is afterwards tinted with red and eventually becomes a bright rosy crimson. It is an exceedingly effective and ornamental plant. Price $2 to $5 each.

Croton Fasciatus.

A bold, broad-leaved form. Leaves 9—10 by 4—5 inches. Leafstalk about an inch long, brownish in the centre, paler at either end. The blade of the leaf is inversely egg-shaped, tailed, rounded at the base, of a lively green color, traversed by bright yellow veins, and marked with a few irregular spots and blotches. It is a fine variegated kind, of bold habit, and will prove a fine plant for exhibition purposes. Price, $2 to $5 each.

Croton Macarthuri.

The leaves are of many forms, the varieties of these numerous and remarkable. The color is more constant, but the markings on the different leaves are as varied as the forms assumed by the leaves themselves. The great charm and recommendation of the plant is its *excellent habit*, and its pleasing and very striking variegation, fully one half of which is yellow. Price, $1.00 to $3.00 each.

Croton, Mycrophyllus.

This is a very graceful growing Croton. The leaves are from 9 to 12 inches in length, and half an inch in breadth, lanceolate in shape; the stem and petioles are yellow tinged with crimson; the leaves are sometimes half colored; whilst in others the costa is marked with crimson, surrounded with a band of rich yellow, the margin is pale green splashed and speckled with the same color. Price, $1.00 to $3.00 each.

Croton, Hookerii.

A fine and distinct variety of this class of greenhouse plants. It has large leaves conspicuously veined and blotched with yellow; the markings, as the leaves get older, changing more or less to red. Price, $1.00 to $3.00 each.

Croton, Queen Victoria.

This is one of the handsomest varieties as yet introduced. It is of medium growth and free-branching habit, a most desirable feature in the formation of good specimens. The leaves when well matured are from 10 to 12 inches long, and about 2 inches broad. The ground-color of the leaf is a rich golden yellow beautifully mottled with green; the mid-rib and primary vein are of a rich magenta color, changing with age to a vivid crimson; the margin of the leaf is unevenly banded with carmine, often extending as far as the mid-rib, and so harmonizing with the rich yellow as to produce a gorgeous effect. Price, $1.00 to $5.00, according to size.

Croton, Maculatus Katonii.

This may be described as a "spotted" *C. Disraelii;* it is quite a novelty, both as regards the form and the color of the leaves.

It may be regarded as trilobate, the middle lobe being prolonged. The color is a deep but bright green, *densely* spotted with yellow.

The habit of the plant is neat and compact; the leaves are spreading, and display their characteristics to the best advantage, Price, $1.00 to $5.00.

Croton, Earl of Derby.

A remarkably fine trilobed variety, the stem, petioles, and mid-ribs being of a very bright yellow, which diffuses itself over the greater part of the leaf; this, however, as the plant matures, becomes suffused with bright red. Price, $5.00 each.

Croton, Disraelii.

This Croton possesses a new feature of great interest in the trilobate form of its leaves, the middle lobe being greatly elongated with a broader expansion towards the extremity; the two lateral ones comparatively short, of unequal size and length, and expanding from the mid-rib at about one-third of its length from the base.

The coloring of the foliage is rich and varied, shades and markings of scarlet, orange and yellow are seen on the same plant with the deep green ground of the mature foliage, and the bright light green of the younger leaves. It is a vigorous growing variety of compact habit, and well furnished with foliage. Price, good young plants, $1.00 to $3.00 each, according to size.

Croton, Lord Cairns.

This Croton is more dwarf in habit than C. Disraelii. Like that fine variety it has trilobated leaves, the middle lobe being considerably elongated, and with a broader expansion towards the point; the lateral lobes are unequally developed in the different leaves.

The color of the foliage is a bright but deep green, the mid-ribs of the leaves a light yellow, the blades blotched and spotted with the same color, the spots and blotches being irregularly scattered over the surface, and sometimes clustered towards the point of the leaf. Price, $1.00 to $3.00 each, according to size.

Croton, Spirale.

One of the finest varieties of this beautiful class of leaved plants, every leaf being characteristic of the name. The leaves are about 10 inches long and 1 inch broad, twisted like a corkscrew. The color of the foliage is a deep green, with a yellow mid-rib changing with age to a rich crimson. Its habit is similar to the old favorite variety, C. Interruptum. Price, $1.00 to $3.00 each, according to size.

Croton, Volutum.

A fine variety of a dwarf habit, deriving its name from the peculiar manner in which the leaves are rolled, which are from 6 to 8 inches long, the color being a bright green, the mid-rib, veins and edge a rich yellow. Price, $1.00 to $3.00 each, according to size.

Croton, Wiesmanii.

A remarkably distinct variety with long, narrow leaves. It is of a very graceful habit and of a free growth, the leaves attaining 12 to 15 inches in length and half an inch in width. The upper surface is of a dark, shining green, veined and blotched with a bright yellow, while the under surface is similar but of a paler color. Price, $1.00 to $3.00 each, according to size.

Croton Johannes.

A new and remarkably distinct variety, with long narrow leaves of a recurved drooping habit, attaining a growth of about 18 inches long, and about half an inch in width. The mid-rib is yellow, spotted and marked with the same color on a bright green ground. It will be much prized as an exhibition plant. Price, $1.00 to $3.00 each.

Croton Youngi.

This is a magnificent Croton, perfectly distinct in every way from any other variety yet known. It is of noble and graceful habit. The leaves are of great substance, from 1½ to 2 feet in length, by ¾ of an inch in width, deep red underneath, while the upper surface is dark green, densely blotched and suffused with creamy yellow and bright rosy red.

The habit of the plant is so graceful, it has so noble and yet so elegant and light an appearance and the variegation is so rich, that we strongly recommend this fine kind to lovers of beautiful plants. Price, $1.00 to $3.00 each.

Croton Majesticum.

One of the finest of this extensive family of ornamental-leaved plants. It is free growing, with narrow elongate leaves; in the young growth they are deep green with golden rib and markings, representing venation, but more or less confluent; in the more matured foliage the green takes a deep olive hue, while the yellow portion changes to crimson, the intermediate leaves being colored with intermediate tints. The regularly drooping elongate leaves give the plant a very elegant character. Price, $1.00 to $3 00 each.

Croton Mooreanus.

A free growing variety of fine habit. The color and markings of the mature foliage are rich and distinct. The mid-rib and margin of the leaf are of a clear orange yellow, with the blade crossed with parallel bands and stripes of the same color upon a deep green ground. These bands and markings show considerable regularity, and form a distinguishing feature in this variety.

The whole plant has a bold and striking appearance, and is a fine addition to our foliage plants for exhibition purposes. Price, $1.00 to $3.00 each.

Croton Bismarck.

This Croton may be regarded as an intermediate form between the varieties having broadly linear-lanceolate leaves and those with trilobate leaves. Its leaves have an expansion nearly midway between the petiole and the point, forming a kind of rudimentary lobe.

The mid-ribs are light yellow, and the blades are spotted and blotched with the same color. Price, $1.00 to $3.00 each.

Croton Nobilis.

This is a very elegant and distinct species, of free branching habit, with drooping leaves 18 to 24 inches in length, and about half an inch to 1 inch wide; ground-color dark green, the mid-rib being in the young state orange yellow, changing with age to bright crimson; the remainder of the leaf is beautifully blotched and marbled with orange yellow and crimson. This plant will be found invaluable as a decorative plant, on account of its rich markings and the graceful habit of growth. Price, 75 cents to $3.00 each.

Anthurium Crystallinum.

This extremely attractive and ornamental plant has fine large leaves of a rich dark olive-green color, the mid-rib and principal veins being bordered on each side with a beautiful bright silvery-white band. The young leaves are of a rich bronzy shade, forming an effective contrast with the more matured foliage. Price, $2.00 each.

Anthurium Scherzeianum.

The brilliant flowers of this fine plant are exceedingly attractive, and as they last in full beauty for several months, it should be grown by all lovers of beautiful flowers. Price, $1.00 to $3.00 each.

Dracaena Hendersonii.

One of the very finest in this highly decorative group, being distinct from all preceding varieties, not only in its elegant and graceful habit, but in the leaves being unequally and beautifully variegated with white and rosy pink stripes upon a light green ground. Price, $1 00 to $5 00 each, according to size.

Dracaena Amabilis.

This magnificent variety is extremely distinct and effective. The ground color of the leaf is bright, glossy green becoming beautifully marked and suffused with pink and creamy white, the young leaves being occasionally of quite a rosy color. The plant is of a robust growth, the leaves being about 24 to 30 inches in length and 4 to 5 in width. Price, $1 00 to $5 00 each, according to size.

Dracaena Sheperdii.

A noble form of Dracaena, and one of the finest in cultivation. Unlike most of the sorts already known, on which the color appears on the free young growth of vigorous plants, this plant takes on its distinctive coloring gradually on the older leaves, the young ones being green, and showing paler green stripes on those parts which take on at a later period the peculiar bronzy orange hue. It is very free-growing. of ample proportions, the broad, oblong, linear leaves 2½ feet long and 5 inches broad. Price, $1 00 to $3 00 each.

Dracaena Porphyrophylla.

An admirable novelty of noble habit, with bold, erect, broadly oblong leaves, which are of a fine deep, bronzy hue, and remarkable for the contrast presented by the glaucous hue of the under surface. Price, $1 00 to $3 00 each, according to size.

Dracaena Imperialis.

For exhibition or decorative purposes this variety is unsurpassed. The color is a deep sap green, breaking out freely in the young leaves into white, which is most prominent near the base of the leaf, and extending upwards. These variegated portions take on, as the leaves gain age, a deep, beautiful rosy tint, which is very effective. Price, $1 00 to $3 00 each, according to size.

Dracaena Baptistii.

A fine form, having both stem and leaves variegated. The leaves are from 12 to 18 inches in length, ground color bright green, margined and striped with yellow and pink. Price, $1 00 to $3 00 each.

Dracaena Hybrida.

This plant is of medium growth, with leaves averaging from 10 to 12 inches in length, of a deep green color, suffused with deep rose and creamy wite. This variety colors when quite small, a feature most desirable in Dracaenas. Price, $1 00 to $3 00 each

Adiantum Farleyense.

This splendid Maiden Hair Fern produces large, pendent, much-divided fronds, which grow upwards of three feet in length; pinnæ large, broad, beautifully crisp at the edges, and light green. Price, $1 00 to $3 00 each.

Adiantum Gracillimum.

A most elegant and distinct Fern, with very light and graceful fronds. The multiplicity of minute pinnules and almost invisible ramifications of the rachis impart to the plant a peculiarly charming appearance; the texture of the fronds, which are about a foot long and 8 to 9 inches across, is thin and fragile, and the color is a very pale yellowish-tinted olive-green. Price, 75 cents each.

DUCHESS OF EDINBURGH. (See page 14.)

Davallia Mooreana.

This is a truly beautiful species, both in a young state and when of mature size; fronds from 1 to 3 feet in length, triangular in outline, and finely divided, beautifully arched, and soft, pale green in color. Price, 75 cents each.

FERN POLYPODIUM KURRUDRIANUM,

From the Sandwich Islands.

A remarkably beautiful Fern. From its manner of growth it is peculiarly adapted for culture in hanging baskets. Of a drooping habit, it first sends out a number of wooly fronds of a dark brown color, giving but little indication of the elegant mass of verdure which soon follows. After the rope-looking fronds have attained to the length of from 12 to 15 inches they unroll and become a beautiful bright green, and continue to grow until they are from five to six feet long. Price, 50 cents each.

Nephrolepsis Davallioides Furcans.

A beautiful new crested Fern of robust growth, sending forth as from a central tuft numerous arching, furcated fronds from three to four feet long. It will be found admirably adapted for basket, rock-work, etc. Price, 75 cents each.

Tea Rose.

DUCHESS OF EDINBURGH.

A brilliant crimson, the darkest in color of all the Tea Roses, and one of the most floriferous; flowers full and of fine form. A most valuable Rose for early forcing.

Price, in 5 to 6 inch pots, large plants .....$1 00 each.
" 4 " ..... 50 "
" 2 " ..... 25 "

New Striped Tea Rose, American Banner.

This charming and interesting novelty originated from the well-known Tea variety, Bon Silene. It is, however, entirely distinct from it in every particular except having its natural tea fragrance. The foliage is distinct from any other Rose, being small, thick and leathery. Flowers are deep pink, beauiifully streaked with pure white. It is very free in habit of growth and as a flower-producer.

Price, in 4 inch pots.....$1 00 each.
" 2½ " ..... 50 "

Tea Rose, Caroline.

As a bedding rose or for winter blooming this variety surpasses every other rose for its richness of color. Its habit of growth is very free, producing large, globular-shaped buds abundantly the entire season. Color deep, rich pink, highly tea-scented. Price, 30 cents to $1 00 each.

Tea Rose, Niphetos.

This fine ever-blooming variety will be found valuable as a garden Rose or for winter flowers. Color pure white, very large, of fine form, and a very free bloomer. Having grown it largely for my floral trade past seasons with perfect success, I highly recommend it to those who desire beautiful buds. Price, 25 cents to $1 00 each.

Tea Rose, Cornelia Cook.

This charming variety is one of the best and most prized for winter or summer flowers. Color creamy white, large, very double and highly tea-scented. Price, 25 cents to $1 00 each.

Tea Rose, Perle Des Jardins.

Without doubt, one of the most popular varieties yet introduced. In color it is a fine canary yellow. Very large, full, and of fine form. It is an excellent variety for winter flowering. Price, 25 cents to $1 00 each.

Tea Rose, Letty Coles.

This is a beautiful, rich blush-colored variety, a color very scarce in this class of Roses. It is a vigorous grower and a free bloomer. The flowers are large and finely formed. Price, 25 cents to $1 00 each.

Yellow Tea.

A very good, distinct, free-blooming variety, similar in color to Isabella Sprunt. Price, 25 cents to $1 00 each.

Rose La France.

A beautiful satin pink, outer petals pale flesh-color. Flowers large and globular. Very fragrant. An excellent variety for forcing. Price, 50 cents to $1 00 each.

New Climbing Hydrangea.

(Schizophragma Hydrangeoides.)

Another of Japan's wonderful and interesting productions. Mr. Thomas Hogg, who discovered it, states it will cling exactly like the Ivy, attaining a height in time of 50 feet. It produces Corymbs in profusion of pure white flowers the size of the old garden variety. One can well imagine the effect produced when grown on a tree, wall, or trailed on a veranda, from this statement. It is perfectly hardy. Price, 50 cents to $1 00 each, according to size.

Hydrangea Otaksa.

A new and very desirable variety, producing immense panicles of large, rosy carmine flowers. It has also the quality of blooming when small—plants only six inches high being surmounted by a large panicle of flowers. Price, 30 cents each. $2 50 per Dozen.

New White Hydrangea.

(Thos Hogg.)

This beautiful variety was discovered in Japan by the collector after whom it is named. It produces heads of pure white flowers equally as large as the common blue ; similar in habit, being perfectly hardy. For garden and cemetary decoration it will be unsurpassed. Price, 50 cents each ; $4.50 per dozen.

Campsidium Filicifolium.

A very pretty plant, with handsome, fern-like leaves. It is a neat climber, and has proven itself to be a great acquisition. Price, 25 to 50 cents each.

New Carnation, Charles Sumner.

This is a new and distinct variety of remarkable beauty and highly fragrant. It is a very doule color light magenta rose ; fine habit, and free bloomer. Price, 30 cents each ; $3.00 per dozen.

CAMPSIDIUM FILICIFOLIUM. (See page 15.)

Carnation, "Peter Henderson."

This magnificent ever-blooming white Carnation is remarkable for its extremely vigorous growth, its especially free Winter blooming habit, its fragrance and enormous size, pefection, and wonderful durability of the flowers. Each plant will produce at least three times the number of flowers than any plant from any other sort now in cultivation, and flowers twice the size, measuring from 2½ to 3 inches in diameter. It will be found a valuable acquisition for Florists and Amateurs. Price, 30 cents each ; $3.00 per dozen.

Carnation "Miss Joliffe."

A valuable addition to our list of Carnation, producing flowers of a rich shade of blush, deepening into rose, highly clove scented. Price, 30 cents each ; $3.00 per dozen.

Carnation "Fanny Jardin."

A hadsome free blooming variety of good habit and fine form. Flowers full double, white ground, flaked with lilac. It will be found valuable as an early blooming variety. Price, 30 cents each ; $3.00 per dozen.

New Carnation King of the Crimson.

Another new variety remarkable for its vigorous growth and free blooming habit. Flowers very large, double, of excellent form and highly fragrant. Color dark crimson. Price, 30 cents each ; $3.00 per dozen.

Dianthus Querterii. (German Pink.)

A very beautiful pink, growing about one foot high, with rich purplish crimson flowers two inches in diameter, double and well formed. It blooms without intermission from June to January, and is exceedingly useful for bouquets; clove scented. Price, 20 cents each ; $2.00 per dozen.

Mesembryanthemum, Cordifolium Variegatum.

A beautiful variegated leaved variety of the ordinary Ice plant, with star-like purple flowers. It is an exceedingly valuable plant for baskets or vases, as its succulent character enables it to stand out hot and dry weather. It is used extensively in public parks in England for ribbon lines, for which it is admirably adapted. Price, 20 cents each ; $2.00 per dozen.

Phaseolus Caracalla.

A free growing and free flowering ornamental, climbing plant, with very curious and attractive purple and white flowers, occasionally called the "Snail Flower," on account of the peculiar tapering curl of the blossoms, resembling some species of Shell Snails. Price, 50 cents each ; $5.00 per dozen.

Eucalypthus Globulus. (Australian Glue Gum Tree.)

I have shipped many thousands of this remarkable fever-destroying tree of Cuba and the South, where it is quite hardy and attains the enormous heighth of 300 feet. It is not hardy in this locality, but when small is quite an ornamental plant in the greenhouse, the leaves being rather pretty, and emit a peculiar camphor-like odor. Price, 50 cents each.

Tradenscantia Zebrina Buchananii.

A new trailing variety, very useful for hanging baskets, rustic or rock-work. The foliage is beautifully striped with maroon, green and silvery white. Price, 30 cents each ; $3 00 per dozen.

Tradescantia Repens Vitata.

Unsurpassed for rustic and rock work, or as a window plant. Leaves bright green, striped with creamy white. Price, 20 cents each ; $2.00 per dozen.

Tradescantia Aquatica.

An excellent plant for vases, stands, hanging baskets, or rock work, and is unequalled as a window plant where a green screen of drooping foliage is desired. Price, 20 cents each ; $2.00 per dozen.

Senecio Macroglossus.

A decided novelty in the style of the old German or Parlor Ivy, of a dark metallic green hue, veined with silvery gray ; thick fleshy leaves, and vigorous climbing habit, producing large golden yellow flowers. This sort can be used to very great advantage for many purposes. A splendid basket or vase plant for the garden, parlor and conservatory, etc. Price, 25 cents each.

Variegated German Ivy.

A variegated variety of the common German Ivy. The bright green leaves are irregularly bordered and marked with creamy white. Price, 30 cents each.

Cuerea Albicans.

A most desirable bedding plant, as it blooms without cessation during the Summer and Autumn. It is a capital plant for ribboning, or for hanging baskets or vases, being a dwarf grower, and producing spikes from 12 to 15 inches long, of pure white bird-shaped flowers, changing to a delicate pink. Price, 20 cents each ; $2 00 per dozen.

Mikania Violacea.

An excellent basket plant, of drooping habit, of velvety foliage, the surface of which is purplish green ; under glossy carmine. It roots and grows freely, and is a valuable addition to our basket plants. Price, 25 cents each.

Lobelia Blue Gem.

This variety grows about six inches high, and is of medium growth, a little more spreading than " Compacta " it produes an abundance of large cobalt blue flowers, with a white eye. This Lobelia is a splendid bedder, and cannot fail to become a general favorite for bedding purposes. Price, 20 cents each ;$2 per dozen.

Eulalia Japonica Var.

A new and distinct ornamental grass, of easy culture, and perfectly hardy. It has long narrow leaves, striped white and green. The flower stalks are from four to six feet high, terminating with a cluster of flower spikes, on which the individual flowers are arranged ; the flowers are surrounded by long, silky threads, which, when fully ripe, or when placed in a warm room, expand, giving the whole head a graceful and beautiful appearance, not unlike that of an Ostrich feather when curled. These dry flowers will be valuable parlor ornaments, as they retain their beauty for a long time. Price, 50 cents each.

Eulalic Japonica Zebrina.

A remarkably new and ornamental grass; unlike everything else the striping or marking is across the leaf instead of longitudinally. It grows from five to six feet in length, forming a most graceful and striking plant. Its appearance is such that it will arrest the attention of the most careless observer. The flower spikes which are borne in the Fall, have the form of Ostrich plumes. It will be valuable for massing in groups or on lawns as it is quite hardy. Price, $1.00 each.

Variegated Japan Grass.

This new grass is a most important addition to hanging basket and vase plants. In general appearance and habit it is much like Isolepis Gracilis, with beautiful variegated white and green foliage. Price, 20 cents each ; $1.00 per dozen.

Odier Pansies.

A new and beautiful strain, notable for the largeness of their blooms and singular variegation of their colors. Price, $1.50 per dozen ; $8.00 per 100.

Nertera Scapanoides.

A beautiful little plant of drooping or creeping habit, with close compact growing miniature foliage, which at certain seasons is covered with beautiful red berries, about the same size as the "wintergreen." It is a very neat plant for rustic or rock work, or for carpeting the ground, and is also an ornamental window and conservatory plant. Price, 20 cents each.

Lotus Jacobeus.

An old, though scarce plant growing about two feet high, with fine, bright green foliage, and beautiful dark brown, fragrant flowers, which are produced in the greatest profusion. It is a capital plant for beds, ribbons, or borders. Price 20 cents each ; $2 00 per dozen.

Chamapeuce, Thistle.

The following are highly ornamental members of this much abused family of plants, with variagated, downy leaves, and remarkable spines. They are very showy and useful for out-door decoration. Price 20 cents each.

CHAMAPEUCE CASABONÆ. Glossy, dark green leaves, with white nerves and brown spines.

" DIACANTHA. Very ornamental, with long leaves, thickly set with spines.

PLANTS FOR GROUPS OR LAWNS.

Acorus Variegata.

A splended ornamental grass, fine for massing ; foliage glossy green and white. Price 20 cents each; $2.00 per dozen.

Arundo Donax Variegata.

This is a scarce and beautiful variety, of the same habit as Arundo Donax, having the foliage beautifully striped with white. Price, 50 cents to $1.00 each.

Bocconia Japonica.

A noble plant for lawn decoration, of the most luxurious growth, forming a bush five to six feet in height, and producing a profusion of pyramidal spikes of flowers, from one to two feet in length, from August until frost. The leaves are very large, and serrated like the leaves of the oak, and of a sombre green color It is perfect y hardy, requiring no protection through the Winter. Price, 25 cents each.

CALADIUM ESCULENTUM.

Caladium Esculentum.

One of the most attractive ornamental foliaged plants in cultivation, growing about five feet high, with heart-shaped leaves of an immense size, being from two to four feet in length, by one-and-a-half to two-and-a-half feet in breadth, and which are very smooth, and of a light green color, beautifully variegated with dark green. It is of the easiest culture, and will grow in almost any soil, but delights in plenty of water. Price, 25 cents to $1.00 each.

Cynerium Argenteum, Pamps Grass.

A highly ornamental, reed-like grass, from South America, attaining a height of six or seven feet, with magnificent plumes of white flowers, measuring from one to two feet in length, excelling for massing in lawns, where it presents a noble appearance. Its roots can be preserved through the Winter by keeping in a cellar or cold frame. Price, 50 cents to $1.00 each, according to size.

Canna Indica.

Few plants are more ornamental than the Canna, with their large, broad, massive foliage, like unto that of the banana, growing from three to six feet high, and producing flowers which rival the Gladioli in point of beauty. They are exceedingly ornamental, and impart a rich, tropical appearance where grown, and are unsurpassed for massing on lawns.

New varieties, 50 cents each; $4.00 per dozen.

Old varieties, 25 cents each; $2.50 per dozen.

Mixed varieties, $2.00 per dozen.

COLORED FOLIAGE PLANTS FOR BEDDING PURPOSES.

Coleus.

The Coleus are too well known to require any description, the reputation as a plant for bedding or massing being world-wide. I can recommend the varieties enumerated below as about the best and most distinct. Price, 20 cents each ; $2 00 per dozen.

Achyranthus.

The Achyranthus has proved itself a valuable addition to our colored foliaged plants, its glossy foliage being preferred by many to the duller-hued Coleus. They flourish best in partial shade. Price, 20 cents each ; $2.00 per dozen.

CASEII. A new and very beautiful Achyranthus ; ground color of leaf green, finely mottled with golden yellow, and having a deep purple midrib.

ACUMINATA. Rich crimson stems, and dark red, acumated leaves, marked with a salmon-red midrib, and light crimsom under surface.

LINDENII. Dwarf and compact in habit, with narrow lanceolate leaves of a deep red color. When planted in a sunny position, reflecting tints of red and purple.

BORBONICA. A pretty variety, admirably adapted for massing, the color of the foliage being of a deep purple; habit somewhat dwarfer than the other varieties.

VERSCHAFFELTII. A dark crimson leaf, with ribs and stems of a bright carmine, purple shade, and a metallic vein running throughout the plant, giving it a very pleasing appearance.

AUREA RETICULATA. Same style of growth as a Verschaffeltii, with light green foliage, beautifully veined with yellow, stems crimson.

EMERSONII. A new variety, foliage very rich red ; fine for ribboning ; 25 cents each.

Alternantheras.

These are beautiful, dwarf-growing, variegated foliaged plants from Brazil, and are excellent for edgings of flower beds. The foliage variously colored—crimson, pink, amber, maroon, chocolate and red. Price, 20 cents each ; $2.00 per dozen.

AMABILE. Leaves yellow, brown and rose.
LATIFOLIA. Broad, smooth, Autumn tinted leaves.
MAGNIFICA. Crimson and rose , extra.
PERICHOIDES. Leaves green, crimson and straw color.
SPATHULATA. Green and carmine.
VERSICOLOR. Light rose and deep crimson.

WHITE FOLIAGE PLANTS FOR BEDDING PURPOSES.

Artemisia Argentea.

A half shrubby plant, of a neat branching habit, and leaves of a beautiful silver grey color, contrasting well with other plants in borders. It is a vigorous grower. Well adapted for the ribbon system. Price, 25 cents each.

Centaurea Candidissima.

A beautiful plant with white, downy foliage, growing about two feet in height, and forming a magnificent contrast with Coleus or other dark-foliaged plants. Indispensible for ribbon system. Price, 25 to 50 cents each ; $2.00 to $4.50 per dozen.

Centaurea Cymnocarpa.

A beautful, downy, white foliaged plant, with drooping, fern-like leaves, forming a graceful rounded bush about two feet in diameter. Splendid for ribboning or bedding, forming a beautiful contrast with dark foliaged plants. Price, 15 cents each ; $1.50 per dozen.

Cineraria Acanthæfolia.

A beautiful and picturesque, dwarf, shrubbery plant in the style of *Centaurea Candidissima*, from 6 to 12 inches in height, of a neat and compact growth, with dense, firm, leathery lobed, oblong leaves 6 to 8 inches in length. with pure white under surfaces, and bright, silvery-tinted upper ones. The growth is more compact than *C. Candidissima*, with a less spreading habit. Price, 15 cents each ; $1.50 per dozen.

Cineraria Maritima.

White foliaged plant, with deeply-cut leaves, and of vigorous growth. A splendid plant for borders. Price, 15 cents each ; $1.50 per dozen.

Glaucium Corniculatum.

A fine ornamental plant with long, velvety leaves gracefully recurved, of a silvery white color, deeply cut in the mid-rib, forming two rows of leaflets, each of which is again deeply cut and curled. It is of vigorous growth, and with its bright silvery hue, makes a fine contrast with other colored foliaged plants. Price, 20 cents each ; $2.00 per dozen.

Gnaphalium Tomentosum.

A very elegant low shrub with silvery-grey willow-like leaves and snow white stems ; finely adapted for ribbon borders. Price, 15 cents each.

Stachys Lanata.

A pretty, white-foliaged plant, fine for bedding or edging, and also well adapted for hanging baskets. Price, 20 cents each ; $2.00 per dozen.

MISCELLANEOUS PLANTS.

General Collection.

Abutilon, Chinese Bell Flower.

The Abutilons are general favorites, on account of their easy culture and continuity of bloom, presenting a magnificent appearance throughout the Summer and Winter months with their parti-colored, bell-shaped blooms. Price, 25 to 50 cents each.

ABUTILON DARWINII. Orange scarlet, veined pink, dwarf habit.
" MARMORATA VARIEGATA. Dwarf habit, foliage variegated.
" SNOW-STORM. Pure white, extra (new).

" ALBUM. Pure white.
" VEXILLARIUM. Calyx red, petals brown and variegated.
" THOMPSONII. Variegated foliage.
" ROSE QUEEN. This handsome variety I raised from seed. It is of dwarf, free branching habit, and a profuse bloomer. Color, a rich rose, beautifully veined with rosy pink. Price, 50 cents each.
" SPLENDENS. This is another seedling of dwarf habit and a most profuse bloomer, producing a succession of blooms nearly all the year. The color is a bright orange crimson, veined red. Price, 50 cents each.
" REGALIS. Like the preceding variety this is another pretty and distinct variety. Flowers very large, of a pale orange color, richly veined with orange scarlet. Price, 50 cents each.
" SPARKLER. Another distinct and pretty seedling, producing large, round, well-formed flowers. Color, bright, reddish carmine, veined deep orange. Price, 50 cents each.

Ageratum. "Tom Thumb."

This is a charming, very dwarf variety, making a compact growth of 6 to 8 inches in height, flowering very profusely throughout the entire season. Color of flower, light blue. Price, 20 cents ; $2.00 per dozen.

Ageratum Mexicanum.

An old but desirable variety, producing light blue flowers in great abundance from June until frost. Price, 20 cents; $2.00 per dozen.

ABUTILON, BOULE DE NEIGE. (See page 23.)

Ageratum. "Countess of Stair."

An excellent dwarf variety, superior to any yet introduced. Flowers of a very dark blue, a color very rare and much prized. As a bedder or for Winter flowers it will be found exceedingly useful. Price, 25 cents each; $2.00 per dozen.

Ageratum. "Blanche."

A new, pure, white variety, very desirable for cut flowers, and a decided acquisition in the way of bedding plants. Price, 25 cents each; $2.00 per dozen.

Ageratum. "Imperial Dwarf."

A variety well adapted for ribboning, attaining a growth of about 6 inches, producing abundantly flowers of a light blue the entire season. Price, 20 cents each; $2.00 per dozen.

Ageratum Variegatum.

Very desirable on account of its variegated foliage, which is bright green, marked with broad golden edges, shaded crimson. It has trusses of blue flowers, like A. Mexicanum. Price, 20 cents; $2.00 per dozen.

Achillea Ptarmica.

A beautiful dwarf, hardy, perennial plant, that blooms profusely during the Summer and Autumn months; excellent for bouquets. Pure white. Price, 20 cents each.

Alyssum, Variegata.

This is similar in habit to the common Sweet Alyssum, but with foliage deeply variegated, white. For borders, edgings, or ribbon lines, it is unsurpassed. Price, 20 cents each; $2.00 per dozen

New Double Alyssum.

A pyramidal variety, with neat green foliage, producing profusely spikes of pure double white flowers. This variety will be found valuable for cut flowers. Price, 25 cents each; $2.00 per dozen.

Alyosia Citriodora, Lemon Verbena.

A plant well known for its agreeable perfume; almost indispensable in the formation of bouquets. Price, bushy plants, 15 cents

Amaranthus Salicifolius.

From its extremely graceful habit, rich and varied tints of color, and from the fact that it grows luxuriantly, even when exposed to our hot, burning sun, it is rendered one of the most desirable objects for a vase centre of a bed, or for lawn and general garden decoration. It attains a height of from four to six feet. Price, 15 cents each; $1.50 per dozen.

Amaranthus Tricolor Giganteus.

A magnificent variety of "Joseph's Coat," which grows from 5 to 6 feet high, and retains all the vivid colors of that well-known favorite. Price, 15 cents each; $1.50 per dozen.

Antirrhinum, Snap Dragon.

I have 12 choice varieties of this very showy and useful plant, the distinguishing characteristic of which is a lavish production of curiously-shaped flowers, with beautifully marked and blotched throats. Price, $1.50 per dozen.

Astilbe Japonica, Spirea Japonica.

One of the most beautiful, hardy, herbaceous plants, blooming in dense spikes of pure white, feather-like flowers; height of plant, one and a half to two feet. Very valuable for forcing for Winter flowers. Price, 30 cents each; $3.00 per dozen.

Asters, German.

This splendid class of plants is now not only one of the most popular, but one of the most effective of our garden favorites, producing flowers in profusion, in which richness and variety of color are combined, rendering them indispensable in any garden where an Autumnal display is desired. For flower beds or borders they stand unrivalled. Price, $1.00 per dozen.

Balsams, Camelia-Flowered.

Strong seedlings from carefully selected seeds of our own saving, embracing many colors of great beauty, and perfectly double. Price, $1.00 per dozen.

Begonia Weltoniensis.

An excellent Summer, Autumn and Winter-blooming variety, of dwarf, dense habit, with crimson stems and leaf stalks, bright green leaves, and pretty, waxy pink flowers. It is exceedingly free flowering and attractive, and is most useful for planting in shady positions in Summer. Price, 25 cents each.

Begonia Sandersonii.

The value of this plant as a bedder is not generally known. When planted in the open border it will present a mass of deep pink, waxy blossoms, from July until frost. Price, 25 cents each. (For other varieties see Greenhouse List.)

Caladiums, Fancy.

I have about fifty varities of this most magnificent class of plants, the wonderful beauty of which it would be almost impossible to describe. Until lately they were supposed to succeed only under glass. For the past two or three years they have been tried as bedding plants in various parts of the country, and have proved a perfect success. They need only to be tried to be appreciated. Planted in the open ground about the 1st of June, they grow rapidly, and spread their leaves, glowing with the rich colors of the tropics, until faded by the Autumn frosts. Margined and delicately traced with a net-work of shaded green on a snow-white ground; bronze tipped with lake, showing a metallic lustre in the sun, rose violet, carmine, golden-green, crimson—almost all colors, shaded and marked as can be seen on no other leaves, giving them a rare beauty, intermingled with other plants, and in masses, a tropical magnificence. Of easy culture, they will grow in almost any soil or situation, but most luxuriantly in a rich loam, somewhat shaded, and where they can be watered, if dry, during the heat of Summer. The bulbs should be taken up with the first frost, and kept warm and dry during the Winter. Price, 50 cents each, $5.00 per dozen.

Calceolarias, Shrubby.

These beautiful bedding plants are a great acquisition to the flower garden, blooming as they do from May until October, and presenting a rare and beautiful appearance. Price, 20 cents each; $2.00 per dozen.

Carnations, Monthly.

A class of popular favorites, most of which are fragrant, that, in connection with their rich and varied colors, secures them a prominent place in the garden and conservatory. Price, $1.50 per dozen; small plants $2.00 per dozen.

GLOBOSA. Rounded bush, dark blue.
QUEEN VICTORIA. Rich blue, white eye.
WHITE PERFECTION. Pure white.

Lygodium Scandens. Climbing Fern.

A native of Japan, of a graceful, twining habit, often attaining the great height of fifty feet in its native wilds, and sometimes completely enveloping the tree upon which it is supported. It is of easy culture, treated as other ferns, and is a handsome plant grown either climbing or drooping, and will, no doubt, be extensively used in place of Smilax for decoration. Price, 50 cents each; $4.50 per dozen.

Lysimachia Numularia. Moneywort.

This old and well known plant is indispensable for drooping around the edges of baskets or vases, its graceful stems often falling four feet from the edges of a basket or vase. It is attractive at all times, but particularly so in June when covered with its rich, yellow flowers. Price, 25 cents each; $2.00 per dozen.

Lychnis Alba Pleno.

An ever-blooming, hardy herbaceous plant, with double white flowers, pure white, resembling a white Carnation. It will be found very valuable, blooming from June until frost. Price, 30 cents each; $3.00 per dozen.

Lychnis Chalcedonica.

Of the same habit as the former, but produces flowers of a brilliant scarlet color two inches in diameter. Price, 30 cents each; $3.00 per dozen.

Linum Flavum.

A plant of the flax order, of extremely neat habit; growing about one foot in height, with flowers of pure yellow, nearly two inches in diameter, almost covering the plant when in full bloom. Price, 25 cents each ; $2.25 per dozen.

Mimulus, Monkey Flower.

A very pretty dwarf plant and profuse bloomer, with yellow flowers of a singular shape and very showy colors, being generally blotched with rose on crimson, and blooming throughout the Summer months. Price, $1.50 per doz.

Musk Plant, Mimulus Moschatus.

An old favorite, the pleasing musk fragrance of which is too well known and too much admired to require to be extolled. Price, $1.50 per doz.

Myrsiphyllum Asparagoides. Smilax.

There is no climbing plant in cultivation that surpasses this in the graceful beauty of its foliage, and its peculiar waxy formation renders it one of the most valuable plants for vases or hanging baskets, as it can be used either to climb or to droop as required. It is now considered almost indispensable to florists. Price, 25 cents each ; $2.50 per doz.

Nierembergia Gracilis.

A pretty bedding plant, of good habit and delicate foliage ; flowers light blue, with dark centre ; ever blooming. Price, 15 cents each ; $1.50 per doz.

Othonna Grassifolia.

A very pretty and useful plant of a dooping or trailing habit. Splendid for hanging baskets, rock work, etc. It has peculiar, round, elongated and taper-pointed succulent leaves, which are of a bright green color, and pendulous when grown in baskets, pots, etc. It also produces a small, yellow, cineraria-like flower, and is, on the whole, one of the most useful and oranmental plants I have. Price, 20 cents each ; $1.50 per doz.

Pansy, Heart's-ease.

An indispensable and charming class of plants for the ornamentation of the Spring garden, and extremely effective, whether used for edging, ribboning or bedding. I have been very careful in selecting the best varieties to propogate from, and can recommend them as equal to any offered for sale. Price, $1.00 per dozen ; $6.00 per 100.

Penstemon.

A very beautiful class of plants, of neat, compact habit, growing about two feet in height, flowering in spikes of Gloxinia-like flowers, continuing in bloom from July to October. I have six new and choice varieties. Price, $2.00 per dozen.

Peristrophe Angustifolia Aurea.

A beautiful plant, with brilliant, golden foliage, striped with green ; is an elegant article in vases, baskets, half-shaded borders, or any similar position, with delicate violet flowers in profusion. Price, 30 cents each ; $2.00 per dozen.

Phlox.

A beautiful family of hardy, herbaceous plants, that have been much improved of late years. Taking into consideration the ease of culture, the sure and profuse habit of flowering, none are better for garden planting. I do not know a family of plants that will afford such a variety of color and prolongation of bloom. In color they are from white to crimson, with all the intermediate shades. Many of them are fragrant, and will grow either in shade or sunshine. Price, $2.00 per dozen ; all leading varieties.

Pinks, Florists.

These are dwarfer than the Carnation, growing about one foot in height, the colors being of the various shades of maroon, carmine and rose, beautifully laced with white. Flowers perfectly double, clove scented, plant entirely hardy. Price, $2.00 per dozen.

Petunias, Double.

The double Petunia is one of the finest of bedding plants for massing, in mixed borders, or for vases. The brilliancy and variety of its colors, combined with the duration of its blooming period (from June until frost), render it invaluable for garden decoration. Price, $3.00 per dozen.

Petunias, Single.

The single Petunias cannot be surpassed for vases, rock work, or bedding, where a continuity of bloom is desired. They represent a variety of blotchings and markings, and for solidity of flower almost equal the double varieties. For the past two years I have made the Petunia a specialty, and have succeeded in perfecting a strain which for beautiful markings and solidity of flower, can scarcely be equalled. Price, $1.50 per dozen; $8.00 per 100.

Pilea Serpoefolia and Reptans. (*Artillery Plant.*)

Remarkably curious and interesting plants, with graceful, frond-leaves and small flowers, which, when expanded, produce a snapping sound if water is thrown upon them. Price, 25 cents each.

Plumbago.

Showy herbaceous plants, producincg large trusses of pretty blue flowers, a color which, being comparatively scarce, ought to secure them a place in every collection. Price, 30 cents each; $3 00 per dozen.

PLUMBAGO CAPENEIS, HARDY. PLUMBAGO LARPENTÆ.

Pomegrante, New Dwarf, Punica Nana.

A dwarf growing variety of Promegranate, producing flowers of a brilliant orange scarlet color, blooming profusely when not more than a foot in height; it is in flower from October to December, and being deciduous, after blooming it can be kept in a cellar until it is time to start growing again in May. Price, 50 cents each ; $4.50 per dozen.

Pomegranate, in Variety.

DOUBLE WHITE. LAGRETIANA, Striped.

DOUBLE SCARLET.

Price, 50 cents each; $4.50 per dozen.

Primrose, Hardy Double White, Primula Vulgaris.

This, though an old plant, is quite scarce in this country. The flowers are pure white, perfectly double, and possess the true Primrose fragrance, and equal in size the Chinese primrose. Though hardy in this section in dry soils; yet it is greatly benefitted by a covering of leaves, put on late in the fall. Price, 30 cents each; $3.00 per dozen.

Portulaca, Double.

A very pretty variety of these well-known favorite, producing flowers which are perfectly double, resembling miniature roses; they are admirably adapted for planting in clumps, or edgings, the brilliancy and richness of colors when massed, making them exceedingly showy and ornamental. Price, $1.00 per doz.

Pyrethrum, Golden Feather.

A variety of the Feverfew, with golden, feather-like foilage, growing very compact, and retaining its bright color throughout the season, Price, 20 cents each; $2.00 per dozen.

Richardia Alba Maculata.

This is a beautifully spotted-leaved plant, of the same color as the Calla, which it much resembles; the flowers are pure white, shaded with violet inside, and are produced profusely during the Summer months, when planted out. Price, 50 cents each.

ROSES.

All my roses are grown in pots, thereby avoiding all risk of transplanting, and insuring to the purchaser plants that are alive, and that will give satisfaction when planted in the open air.

Parties ordering by mail will find it to their advantage to allow me some latitude in the selection ; for, growing so many varieties as I do, it is impossible for me to keep a large stock of all the varieties I enumerate, and perhaps some of the varieties selected are not proper plants to send; therefore, in this, (as well as other plants), purchasers will receive better plants, and insure more distinctness of color, by allowing me to select for them. Besides those enumerated below I have many other varieties in my collection.

Extra Fine French Standard Roses.

(IMPORTED DIRECT FROM FRANCE.)

Hybrids and Bourbons, Teas and Moss Roses, ranging from four to six feet high, embraciug all the best varieties. This season I have received a large stock of extra strong plants, having had them specially selected for my retail trade. These I start in pots previously to offering them for sale, so that purchasers may know the plants are alive, as many are sold that are worthless ; but by this method purchasers can depend on what they buy. Price, in pots, $1 50 to $2.00 each. Not potted, $1.00 each.

Dwarf Standard Roses.

Embracing all the best varieties. Price, 50 cents to $1.00 each.

Salvia Marmorata Nana.

A very handsome variety of this useful garden plant, of a neat dwarf growing habit, flowers in spikes similar to S. Splendens, but beautifully and alternatively marked with streaks of a brilliant scarlet and pure white. Price, 25 cents each; $2 50 per dozen

Salvia Splendens.

This plant is the most gorgeous Fall flowering plant grown, growing about four feet in height, making a beautiful, symmetrical bush, which is covered with spikes of bright scarlet flowers, each spike measuring about six inches long. It is unsurpassed for massing. Price, 20 cents each; $2.00 per dozen.

Saxifraga Sarmentosa.

A low growing plant, like strawberry in habit, with leaves marked with silvery white. Excellent for hanging baskets or rock work. Price. 25 cents; $2.00 per dozen.

Salvia Splendens Alba.

A pure white Salvia, of the same habit as the preceding variety, with which it contrasts finely. Price, 20 cents each ; $2 00 per dozen.

Salvia Patens.

A choice variety, of a deep blue color, in habit similar to Salvia Splendens, with which it forms a beautiful contrast. Price, 20 cents each ; $2 00 per dozen.

Salvia Officinalis Tricolor.

A variegated variety of the Common Garden Sage. Leaves green and white, beautifully shaded with pink, changing to purple ; a most desirable novelty. Price, 20 cents; $2 00 per dozen.

Sedoms. Stone Crop in Varieties.

The Sedums belong to the same family as the Echeverias and Sempervivums, all of which being succulent, make them among the most valuable plants I have for hanging baskets, vases, rock-work, or, in fact, any dry place, where other plants would perish for lack of water. They are nearly all hardy, and are very popular in Europe, where they are extensively used in cemetery ornamentation. Price, $2 00 per dozen.

Selaginelle, Mosses.

Indispensable in filling hanging baskets, and all manner of rustic work. They do well in summer planted out in a moist, shady spot. Price, 25 cents each; $1 50 for collection of six varieties.

SELAGINELLA CAESIA.
" CRISPA.
" DENTICULATA.
" DENTICULATA. Variegated.
" POULTERII.
" SERPENS.
" MARTENSII.

Torrenia Asiatica.

One of the best and prettiest plants for vases or hanging baskets, producing blue gloxina-shaped flowers nearly the whole season. Price, 25 cents each.

Torrenia Fournerii.

Similar to the preceding variety, but having a beautiful golden yellow spot on the under sepal of the flower. Price, 50 cents each.

Tritoma Uvaria Grandiflora. (HARDY).

This is one of the most splendid of our garden plants; when interspersed in large groups of foliage plants, they form very attractive features. The leaves are of a dark fresh green, in a triangular form, running to a point. Flowers borne on long straight stems coming above the foliage, and densely set with pendant flowers of a bright orange scarlet, changing into yellow when in full bloom, each raceme from one to two feet in length. They are admirably adapted for forming large effective groups and beds, in which the numerous terminal flame-colored blossoms have fine effect. Commonly known as the "Red-Hot Poker." Price, 25 to 50 cents each.

Tricyrtis, Grandiflora.

A beautiful, late flowering, hardy, herbaceous plant, producing flowers in spikes about six inches in length, resembling in their peculiar form and markings, some varieties of orchids, and possessing a fragrance resembling the Heliotrope. Price, 25 cents each; $2 00 per dozen.

Vallotta Purpurea.

A very beautiful and showy, Fall flowering, bulbous-rooted plant; the flowers are borne on stems growing about twelve inches high, and consists of five or six Amaryllis-like flowers of a brilliant Roman purple color, a very rich shade indeed. Price, 25 to 50 cents each.

Verbenas.

This beautiful and much admired plant has become indispensable in every garden for its continuity and the many colors and shades presented in its bloom. I have selected, from the many hundreds of varieties in cultivation, fifty of the best—the selections being made with great care, with a view to have the greatest variety of color, combined with the best bedding qualities. When selections are left to me, particular care will be paid to variety of color, so as to produce the most pleasing effect when in flower. Price, 75 cents per dozen; $5 00 per 100.

I enumerate below a dozen of the most distinct sorts:

BRUNETTE. Purple maroon, white eye.
CRIMSON GLORY, Deep crimson, violet eye.
DARKNESS. Dark purple.

SALADIN. Large, maroon, white eye.
SURPRISE, Large, rosy pink, yellow eye.
VENUS. Large, carmine, white eye.

Veronicas.

Beautiful Fall-flowering plants, producing large spikes of brilliant colored flowers in great abundance. Price 30 cents each; collection of four varieties, $1 00.

BLUE GEM, beautiful blue.
IMPERIALIS, brilliant amaranth red.
GLORIE DE LORRAINE, blue and white.
TRIOMPHE DE MEAUX, deep lilac.

YUCCA FILAMENTOSA. EVE'S NEEDLE. (See page 49.)

Violets.

Price, 20 cents each; $2.00 per dozen.

MARIE LOUISE. Flower large, very dark purple, and fragrant.
NEAPOLITAN. Flower light blue and fragrant.
DARK RUSSIAN. Very dark and fragrant.
VICTORIA REGINA. Large single, dark and very fragrant.
BELLE DE CHATENANAY. Pure white, double.

Yucca Filamentosa. Eve's Needle.

This is quite an ornamental, as well as hardy plant, and forms a pleasing, contrast with other plants, on account of the peculiarity of the foliage, which resembles the aloe. The flower stem rises to the height of five or six feet, surrounded with large, bell-shaped white flowers; blooms in August and September. Price 25 cents to $1 00 each. (See cut.)

Yucca Recurvata.

A variety which will be found valuable in every garden or for lawn ornamentation. Price, 50 cents to $1.00 each.

Yucca Whipleyi.

This variety has very handsome narrow leaves of a glaucous green color with a pretty tint of silvery white, which gives it a beautiful appearance. Price, 50 cents each.

Vinca, Periwinkle.

A splendid class of plants for hanging baskets and rock-work. They flourish where any other plant would scarcely live, and are well adapted for planting under trees, shrubs, etc., where they rapidly cover the ground with bright green and variegated foliage. Price, 30 cents each; four sorts, $1.00.

VINCA MAJOR VARIEGATA. VINCA ARGENTEA VARIEGATA.
" " CŒRULEA. " ELEGANS.

Zinnias, Double.

These are similar in habit, but more varied in color than the single varieties, and have flowers that are perfectly double, having more the appearance of a fine Dahlia, and blooming throughout the Summer and Autumn months. Price, $1.00 per dozen.

BULBS AND TUBERS.

For Planting in the Spring.

Caladiums. Fancy.

Fifty varieties. $5.00 to $6.00 per doz. *See description, page* 20.

Convallaria Majalis, Lily of the Valley.

One of the most charming of our Spring flowering plants, the slender stems of which, set with their tiny bells, and delicious odor, has rendered it a universal favorite. Price, $1.00 per dozen; $5.00 per hundred.

Dielytra Spectabilis.

One of the finest hardy herbaceous plants cultivated. The flowers are of a novel lyre-like form, in spikes of pink and white, and produced in great abundance. Price, 25 to 50 cents each.

Gladiolus, French Hybrid.

They are the most stately and effective of the whole genus, being of a robust, erect growth, with green, sword-shaped leaves and magnificent flower-scapes, rising from two to four feet in height. The colors comprise the most brilliant of orange, scarlet and vermilion tints upon yellow and orange grounds, including a graduated scale of intermediate shades from white and rosy blush and salmon rose tints, and a salmon red and nankeen; from blush white with purple crimson throat, and marginal streak of pink, to light rosy salmon grounds, with flakes of deep carmine. A succession of bloom may be had from July to September, by planting at intervals from April to June, reserving the strongest bulbs for the latest planting. Their culture is very simple. They will grow in any ordinary garden mould, but succeed best in good earth, manured with well-rotted horse dung. The bulbs should be taken up in the Fall and placed in a dry cellar, protected from frost.

Finest mixed varieties, 75 cents per dozen, $3.00 per 100.
Named varieties, $1.00 to $2.50 per doz.

Japan Iris, 12 Sorts.

The Iris are a very beautiful class of plants, and are much admired for their peculiar shaped flowers and magnificent colors. Having flowered them, I can safely recommend them as being quite distinct from any varieties before offered. Beautiful and quite hardy. Price, 25 cents each.

Japan Lily,

The varieties of the Japan Lily are, without doubt, the finest of all hardy lilies, so brilliant in purity and delicacy of coloring and perfume, so gorgeous in appearance, that no other variety can compare with them. Their period of blooming extends through the months of July and August, and being perfectly hardy, require no attention after being planted.

LILIUM LANCIFOLIUM ALBUM. Pure white, 50 cents each.
" " ROSEUM. White spotted rose, 20 cents each.
" " RUBRUM. Rose, spotted crimson, 20 cents each.
" " PUNCTATUM. White spotted lilac, 75 cents each.
" " MONSTROSUM. Free bloomer, 75 cents each.
" AURATUM, or Golden-banded Lily, 50 cents to $1.00 each.
" TIGRINUM FLORAL PLENO. Double Tiger Lily, 75 cents each.

Tigridia Conchiflora and Pavonia.

Beautiful and showy flowering bulbs, of easy culture, producing brilliant orange and scarlet flowers daily, from July to October. Price, 10 cents each, $1.00 per dozen.

Tuberose "Pearl."

The Tuberose "Pearl" is generally conceded superior to the old variety. The plant is dwarf in habit, growing only from 18 to 24 inches high, the flowers are double the size and imbricate like a rose; highly recommended. Price, 10 cents each, $1.00 per dozen, in pots, 25 cents each, $2.00 per dozen.

Double Tuberose.

The Tuberose is one of the most fragrant and beautiful of Summer blooming bulbs, throwing up stems of wax-like white flowers from three to four feet high, and continuing in bloom for a long period. Of this universal and almost indispensable favorite I have a splendid stock to offer this season. To insure blooming, and thereby give better satisfaction, I have started a number in pots, that will flower in July and August, thereby running no risk of being injured by the frost. Price, dry bulbs, 10 cents each, $1.00 per dozen. Started in pots, 15 cents each, $1.50 per dozen.

SUMMER VINES AND CREEPERS.

These are desirable for rapidly covering out-houses, trellises, verandas arbors, etc., and add much to the beauty of the garden throughout the Summer and Fall months.

Cobaea Scandens.

A remarkably rapid climber, often attaining a height of sixty feet in a season, with beautiful foliage, and producing large purple, bell-shaped flowers in a great profusion during the Fall months. Price, 25 cents each.

Cobaea Scandens Alba.

Of the same habit as the preceding variety, with white flowers. Price, 25 cents each.

Madeira, or Mignonette Vine.

This is a very rapid running vine, excellent for covering out-houses, or trellises, having white feathery-like fragrant flowers in the Fall. Roots started in pots, $2 00 per dozen.

Maurandia.

One of the most graceful and free flowering of soft wooded climbers, producing an endless profusion of beautiful foxglove-shaped flowers throughout the season. For small trellis work or low pillars it cannot be surpassed by any other plant ; growth, about eight feet. Price, 25 cents each.

Ipomea Noctiphyton.

A rapid growing climber of the Morning Glory family, with pure white moon-like flowers 6 inches in diameter, which open at night. Fine for covering verandas, arbors, etc. Price, 30 cents each.

Manettia.

A prolific full-flowering vine, with dark-crimson tube flowers. Height, 5 feet. Price, 30 cents each.

Solanum Jasminoides Variegatum.

A beautiful climbing plant, with finely marked green and white foliage. Flowers white, with golden yellow anthers. Price, 30 cents each, $3 per dozen.

Lophospermum.

A beautiful and ornamental climber of rapid growth, with rose-colored, funnel-shaped flowers, two or more inches in length ; very effective for conservatory or garden decorations. Height 10 feet. Price, 25 cents.

SENECIO MACROGLOSSUM. (See novelties).

SENECIO SCANDENS VARIEGATA. (See novelties).

Senecio Scandens. German Joy.

A vine of rapid growth, with beautiful dark-green glossy foliage. Excellent for covering fences or out-houses in Summer. Height, 20 feet. Price, 25 cents each.

Thunbergia Alata.

A beautiful and profuse-flowering vine, with flowers of a buff color and black eye, shaped like a Vinca flower. Height, five feet. Price, 25 cents each.

Physlanthus Albicans.

A rapid-growing climber, producing white bell-shaped flowers in profusion; highly scented. It is very useful for cut flowers. Price, 30 cents each.

HARDY VINES AND CREEPERS.

Akebia Quinata.

A very beautiful perfectly hardy, fast-growing Japan vine, with magnificent foliage, producing flowers in large clusters, of a chocolate-purple color, possessing a most delicious perfume ; unsurpassed for covering trellis and verandahs, the foliage never being attacked by insects. Price, 25 to 50 cents each.

Ampelopsis Quinquefolia, Virginia Creeper.

A very rapid grower, with large dark-green foliage, which changes in Fall to a fine scarlet color. Price, 50 cents.

Ampelopsis Veitchii.

A miniature foliaged Virginia creeper, which clings to any building with the tenacity of the strongest ivy. It is of exceeding rapid growth, and from earliest Spring it produces its beautiful purple-tinted leaves so thickly as to form the most perfect coatiag wherever it is planted ; the young shoots are purple in celor. Price, 50 cents.

Aristolochia Sipho, Dutchman's Pipe.

A magnificent hardy vine, of rapid growth, with very large, heart-shaped leaves, and brownish flowers, resembling in shape a miniature pipe ; splendid for archways or verandahs. Price, strong plants, $1.00 each.

Bignonia Grandiflora.

Large, orange, Chinese Trumpet Creeper. Price, 50 cents.

Bignonia Radicans, or Trumpet Creeper.

A climbing plant, with large trumpet-shaped flowers of a reddish-orange color, and very showy when in bloom ; the best for covering walls. Price, 50 cents.

Hedera Helix, or English Ivy.

An evergreen runner, excellent for covering walls or buildings in shaded situations. Price, 20 to 50 cents each.

Variegated Ivy.

Foliage like the ordinary Ivy, with bright and distinct variegations of white and yellow spots, blotches and edges. They are all very beautiful and as hardy as the English Ivy, from which they originated. I have six varieties, all quite distinct. Price, 25 to 50 cents each.

Clematis, Virgin's Bower.

Hardy climbing plants of great merit, rivalling the Passion Flower in their gorgeous beauty. No class of climbing plants will better repay a little care—a slight covering of leaves or litter being necessary to withstand our severest winters.

They are excellent for training on fences, trellises, etc., attaining a height of about fifteen feet, with a mass of luxuriant foliage, which spreads rapidly and is continually covered with large, lively-colored flowers, many of which are highly odoriferous. Extra strong pot-grown. Price, $1.00 each ; $10.00 per dozen.

These are valuable for growing on lawns, or for planting as single specimens, and as they are free flowering, are invaluable adornments for the garden. A good selection is indispensable in every collection.

ALMOND. (Double-flowering). A very pretty shrub, which produces a profusion of rose-colored blossoms in the Spring..... Price, 50 cents.

AZALEA PONTICA. Beautiful flowering shrubs, bearing flowers similar to the green-house Azelea, flowering through the months of April, May and June, well worthy a place in every garden.....50 cents to $1 00 each.

ALTHEA (Rose of Sharon). These are fine, hardy, free growing and beautiful late flowering shrubs, blooming in August and September.

30 cents each, $5 00 per dozen.

CALYCANTHUS. (Sweet-scented shrub). A favorite shrub, with fragrant wood and flowers, of rich chocolate color, rich foliage, blooming in June and at intervals throughout the season.....25 cents to 50 each

CORCHORUS. (Japan Globe Flower). A slender, green-branched shrub, covered with a profusion of globular, yellow flowers, from July to October..50 cents

CORNUS SANGUINEA. (Red-Twigged Dogwood). A strong-growing, bushy shrub, with small, white flowers, the stem and branches turning a deep red in Winter. Very showy.....50 cents each

CRATAEGUS (English Hawthorn). Beautiful shrubs, worthy of a place in any collection, and much admired for their delicious perfume. Varieties double, white and red.....75 cents each

CYDONIA JAPONICA (Japan Quince). Long growing, thorny shrubs, with flowers of deep crimson and white colors. They are very showy, and thrive in almost any soil.....50 cents each

CYTISUS LABURNUM (Golden Chain). A beautiful, low-growing tree, with long racemes of golden, yellow-colored flowers. It can be trained as a bush. Very showy and handsome.....50 cents to $1 00 each

COPPER BEECH. A remarkable variety, with very dark, purplish foliage, highly ornamental, and a striking contrast with the green of other trees. $1 00 to $3 00

DEUTZIA SCABRA. A vigorous grower, and one of the most beautiful, profuse, white flowering shrubs.....25 cents

" GRACILIS. A charming, fine, small shrub, suitable for pot-culture, perfectly hardy; a profuse bloomer, delicate, small, white flowers. 25 cents

" CRENATA. A strong-growing and profuse blooming variety of the above.....25 cents each

" " FLORA PLENA. A beautiful variety with crenulated leaves, and racemes of drooping flowers, which are white, and are tinged on the outer surface with deep rose.....25 cents each

" CRENATA, ALBA PLENA. A new and beautiful variety, producing pure double white flowers in great profusion. A most valuable plant for forcing.....25 cents each

EUONYMOUS (Burning Bush). A tall-growing shrub, which presents a very showy appearance from its profusion of scarlet fruit in the Fall and Winter. 50 cents each

FORSYTHIA VERDISSIMA (Golden Bell). An irregular growing shrub, producing a profusion of beautiful yellow, bell-shaped flowers very early in Spring.....50 cents each

HYDRANGEA PANICULATA GRANDIFLORA. A beautiful hardy variety from Japan, of slender, spreading growth. Plants of two years' growth being often three feet in diameter, and not more than one foot in height; flowering in panicles six inches wide, of pure white, changing to blush, and remaining in perfection on the plant from August until frost. 50 cents to $1 50 each

HYDRANGEA HORTENSIS. VARIEGATA. Beautiful foliage of green and white, adapted to a rather shaded location in the garden or about the dwelling.....25 cents to $1 00 each

HYDRANGEA HORTENSIS. A beautiful herbaceous shrub, having flowers resembling a snowball in shape, and which changes color from white to rose and blue.....25 to 75 cents each

HYDRANGEA OTAKSA. Handsome pink flowering variety. 25 to 75 cents each

HYDRANGEA. THOS. HOGG. Pure white. (See novelties).

LILAC (Syringo). The Lilacs are very desirable for their hardiness, fine foliage, and abundance of showy, fragrant flowers, blooming in the latter end of May or beginning of June.....50 cents each

MAGNOLIAS. The Magnolia is one of the most attractive and beautiful plants in cultivation, not only the flowers are beautiful, but also the foliage.

" CONSPICUA. One of the most beautiful flowering trees, covered with large white flowers, which appear before the leaf; quite hardy. Should be in every collection. $1 00 to $3 50

MAGNOLIA SOULANGEANA. Resembles the foregoing, except that the flowers are tinted with purple, and bloom rather later. $1 to $3

" PURPUREA. A dwarf variety with showy purple flowers, very handsome. $1 to $2

PEACH (Double-flowering). This should not properly be placed among the shrubs, as it grows and fruits similar to the common peach. The flower is very large and double, and of a beautiful pink color, and during its period of blooming cannot be surpassed for beauty, being literally covered with bloom. 75 cents each

PHILADELPHUS (Syringo). Popular shrub, producing beautiful white flowers of a very agreeable fragrance, resembling the orange blossoms. 50 cents

PRUNUS SINENSIS (Double white flowering Plum.) A beautiful shrub, with flowers of pure white, resembling in shape of flower and habit of growth the flowering of Almond. 50 cents each

SPIREA. Beautiful dwarf shrubs, which bloom from early Spring to Autumn; flowers white, pink and red. Very desirable for shrubberies and the flower garden. 25 cents

" BILLARDII. Very pretty. Has spikes of pink or rose-colored flowers, and blooms nearly all Summer. 25 cents

" CALLOSA, or FORTUNEI. One of the most beautiful and distinct, with bright rose flowers in broad, flat clusters; blooms nearly all Summer. 25 cents

" CALLOSA ALBA. A white flowering variety, only growing about twelve inches high, and blooming throughout the season. 25 cents

" PRUNIFOLIA. Very beautiful, double white, daisy-like flowers, blooming in May. 25 cents

" REEVESII. One of the finest in the whole collection, with narrow pointed leaves, and beautiful round clusters of white flowers that cover the plant in May. 25 cents

" REEVESII FLORA PLENA. Similar to the above, with clusters of double-white flowers. Very desirable. Commonly known as Bridal Wreath. 25 cents

TAMARIX. Very handsome shrub, with delicate foliage and beautiful pinkish fragrant flowers, blooming through the Summer. 50 cents each

VIBURNUM OPULUS (Snow-ball). An old and well-known shrub, having, in June, large bunches of white flowers resembling a snow-ball. 50 cents

VIBURNUM PLICATUM. A very handsome variety of snow-ball. 75 cents

WEIGELIAS. The Weigelias are all popular, handsome shrubs, well deserving a place in every garden; being handsomely shaped, good growers and bearing a profusion of bunches of pink and white flowers, during the Spring and Summer months. 25 to 50 cents each

WEIGELIA AMABLIS. Light pink, free bloomer.

" " VARIEGATA. Variegated foliage.

" " ALBA. Whitish flowers, quite distinct.

WEIGELIA HORTENSIS NIVEA. A perfectly snowy white variety, the flowers being clear enough for the choicest Winter bouquets; an invaluable acquisition.

" ROSEA. Rose colored flowers, which clothe every shoot in May in great profusion.

" VAN HOUTTEI. Shaded with rose, and spotted with pure white.

FOREIGN GRAPE VINES.

FOR CULTIVATION UNDER GLASS.

I am now prepared to offer a very choice selection of foreign grape vines in fine healthy condition. Below will be found a list of those which I recommend as the best and most desirable.

IVES SEEDLING. Color black, flesh tender and juicy. Two years old, 50 cents

MARTHA. Berries large, color black. Very productive. Two years old, 75 cts

Besides the above I grow numerous other varieties, which are all good kinds.

SMALL FRUITS.

Strawberries.

SELECTION OF VARIETIES.—When parties are not familiar with the different varieties, by stating whether the ground where they intend to plant is light or heavy, low or upland, poor or otherwise, and leave the selection to me, will avail themselves of my experience and best judgment to give satisfaction. It is my custom, should I be out of any variety ordered, which occasionally occurs in all establishments, to supply it with a sort resembling it in time of ripening, and other characteristics. When it is desired that I should not do this, it must be so stated in the order.

BLACK DEFIANCE. A choice variety, one of Turnbull's finest seedlings ; pot grown.....$3 per 100

CHAMPION. Berries dark, large, irregular, globular, and of good quality; a productive variety; pot grown.....$3 per 100

LITTLE GIANT. A very large and fine flavored, bright scarlet variety; pot grown.....$3 per 100

MAMMOTH CLUSTER. Very large, firm, fine flavored, bright red berries; exceedingly productive ; pot grown.....$3 per 100

CHARLES DOWNING.. .....per 100, $1 50 ; pot grown, $4 per 100

Besides the above I can furnish other varieties that may be required. Parties who desire to be successful in raising fine beds should plant from May until June 20th, or in the Fall during the latter part of September. To insure good success in raising strawberries the ground should be in a high state of cultivation ; if enriched directly before planting, I prefer spreading broadcast and plowing in deeply any manure intended for them in preference to putting the same directly under the plants.

Raspberries.

CLARK'S SEEDLING. A variety of great merit, a vigorous grower, and perfectly hardy. Berries very large, bright red, good flavor, and very productive.....20 cents each, $10 per 100

BRINKLE'S ORANGE. An old favorite variety, with fruit of a beautiful orange color, very large and delightful flavor; productive. The canes must be protected through the Winter.....$2 per dozen.

BELLE DE FONTENAY. Fruit large, red. of a good flavor, and productive, bearing a second crop in Autumn.....$1 50 per dozen.

FRANCONIA. Fruit very large, dark red, and rich flavor, fruit firm; one of the best for marketing.....$1 50 per dozen.

HORNET. Fruit very large, bright red, and fine flavor; very productive..... $3 per dozen.

HUDSON RIVER ANTWERP. Fruit medium in size, red, excellent in flavor, and very productive.....$1 per dozen.

Blackberries.

WILSON'S EARLY. This is a variety of great value, ripening from five to ten days earlier than the "Lawton." It is a good grower; very productive, the berries of the largest size, and excellent flavor. Unlike the "Lawton," when the berries turn black they are ripe and ready for market..... 20 cents each; $10 per 100

NEW ROCHELLE, OR LAWTON. Fruit very large, and when ripe good flavored; very productive.....$1 50 per dozen.

FRENCH CUT, OR PARSLEY LEAVED. Fruit large, with peculiar flavor.. $2 per dozen.

Currants.

Price, $2 per dozen.

BLACK NAPLES. Fruit large and productive; the best of the black varieties

CHERRY. Fruit red and very large, bunches large and compact; very productive.

RED DUTCH. A variety of good quality and productive, will succeed well in any soil.

RED GRAPE. Very large, good flavor and productive.

VERSAILLES. Fruit very large, bunches very long and good flavored, very productive.

WHITE GRAPE. Fruit very large and compact, white, transparent and sweet; productive.

WHITE DUTCH. Fruit large and good quality. A good variety for indifferent soils.

Gooseberries. (Imported.)

I have a large lot of the leading varieties of this favorite fruit, which, with a little attention through the summer months, can be made to produce fruit equal to that grown in Europe. The Gooseberry, to succeed well in our climate, needs a close pruning and a good manuring yearly, and the ground covered with straw or litter during the hot summer months to protect the roots. By pursuing this course the plants will never mildew, but will bear profusely. I have the red, white and yellow varieties. Price, strong plants, $3 per dozen.

FRUIT TREES.

PEAR TREES.

All the leading varieties, 50 cents to $5 00.

PEACH TREES.

All the leading varieties, 25 to 50 cents each.

PLUMS.

All the leading varieties, 50 to 75 cents each.

CHERRIES.

All the popular varieties, 50 to 75 cents each.

QUINCES, APRICOTS, AND NECTARINES.

All the leading varieties, 50 to 75 cents each.

STANDARD APPLES.

All the leading varieties, 50 cents each.

DWARF APPLES.

Suitable for planting in small gardens where there would not be room for standards. All popular varieties, 50 cents each.

SEEDS

Orders for Seeds Addressed

W. C. WILSON,

SEEDSMAN & FLORIST

45 WEST FOURTEENTH ST.,

NEW YORK.

W. C. WILSON takes great pleasure in offering to his patrons the following list of extra choice

VEGETABLE AND FLOWER SEEDS.

The utmost care is used in growing seeds, and when importing I select my stocks from the most reliable growers in Europe, but I wish it distinctly understood that I do not warrant anything, and will not be responsible for seeds sold by me, or for any loss or damage arising from any failure thereof in any respect.

It is particularly requested that orders for Plants and Seeds be made out on separate sheets.

All money may be sent at my expense and risk if sent in the following manner: Post Office Money Order on New York, Draft on New York, by Express, or in Registered Letters.

Correspondents will please be particular in giving their names in full, with Post Office Address, County and State.

SEEDS, BULBS, ETC., BY MAIL.

By the postage laws, SEEDS, BULBS, ROOTS, PLANTS and Scions may be sent by mail at the rate of *one cent per ounce* in weight, no package to exceed *four pounds;* and, agreebly to this law, any seeds in packets, or bulbs named in this catalogue, will be sent POSTAGE PAID, at the prices quoted.

When seeds are ordered by the ounce or pound, sixteen cents per pound must be added for postage.

As an inducement to those who desire a large collection, or for the formation of clubs, I will send by mail, *free of postage*, to any address in the United States, on receipt of the amount of order, seeds, as follows:

Purchasers remitting	$1 00	may select seeds at catalogue prices am'nt'ng to					$1.15

TIME OF SOWING.

Hardy Annuals may be sown in the open border from April to June. Before sowing, which should be done on a fine, dry day, carefully prepare the soil, and, in covering, regulate the thickness by the size of the seeds. Small seeds should be very lightly covered. Success in growing annuals depends in a great measure upon their being properly thinned to regular distances, so as to give plenty of room for the full development of each plant. This, in too many instances, ia entirely neglected; hence the dissatisfaction so often expressed as to their use.

Half-Hardy and Tender Annuals may be sown in March and April, in shallow boxes, and placed in a slight hot-bed, and when strong enough, pricked out into a cool frame near the glass, where they may get hardened and well established for transplanting into their blooming quarters in May, or potted off singly for greenhouse or conservatory decoration. Under ordinary circumstances, most of the varieties will bloom freely if sown in the open ground about the middle of May.

Biennials and Perennials.—The more select the tender varieties for Summer and Autumn blooming may be sown in a gentle heat in March and April, and treated in the manner recommended for half-hardy annuals. The hardy kinds may be sown in the open border from April to August, in prepared beds, and when strong enough, potted off singly, or transplanted to the open ground, where they are intended to bloom the following year. During the Winter protect the plants with a light covering of leaves and coarse manure.

Flower and Vegetable Seeds

FOR 1880.

FLOWER SEEDS.

DWARF PÆONY PERFECTION ASTER, Rose and White. A new dwarf form of the Truffaut's Paeony Perfection Aster, of very compact habit and attaining barely 12 inches in height. Per packet, 25 cents.

BALSAM, Allen's Camellia—Flowered White. One great advantage this Balsam posaesses over all others for florists' use is that its stem, which is exceedingly long and of remarkable strength, can be wired on without breaking or tearing. Per packet, 25 cents.

BROWALLIA ROEZLII. The plants of this variety form dense, compact bushes, 16 to 20 inches in height, with glossy *green* leaves. Flowers of delicate azure-blue or white with yellow tube of much larger size than the older varieties. Per packet, 25 cents.

CALCEOLARIA HYBRIDA. Extra Select Stock. Per packet, $1 00.

CINERARIA. Extra Choice Mixed. Per packet, $1 00.

COLEUS. Saved from named sorts. Per packet, 25 cents.

CYCLAMEN PERSICUM GIGANTEUM. This superb variety is a great improvement on the old sorts. Each flower measures from 2 to 2¼ inches in length, pnre white with a violet purple eye. Per packet, 50 cents.

ERYNGIUM LEAVENWORTHII. The showiest of annuals, with stems from one to three feet high, and very branching. The heads are of a beautiful purple. Branches cut after the flowers and leaves have matured will last two or three months, making it a valuable addition for Winter bouquets. Per packet, 25 cents.

EUCALYPTUS GLOBULUS. Australian Blue Gum, or Fever and Ague Tree. Per packet, 25 cents.

GLAUCIUM CORNICULATUM. A fine ornamental plant, with long velvety leaves of a silvery white color, deeply cut and curled, flowers orange yellow, bell-shaped and drooping. Per packet, 25 cents.

GLOXINIA HYBRIDA. Extra Choice. Per packet, $1 00.

HOLLYHOCK, Double. Seed saved from one of the choicest collections in Europe. Per packet, 25 cents.

PANSY. Extra Choice Mixed. I highly recommend this magnificent strain, believing it without question to be the finest ever offered. It contains all the best-named sorts, including Emperor William, Odier or Five-Blotched, Faust, Large English, Fancy, and ten other named sorts of great merit. Per packet, 25 cents ; 6 packets, $1.00.

PENTSTEMON COBAEA. One of the finest hardy herbaceous perennials. The flowers are among the largest of the genus, of a purplish white, and about two inches long. Per packet, 25 cents.

PETUNIA GRANDIFLORA FIMBRIATA FLORE PLENA. (Large flowering Double-fringed Petunias). Per packet, 50 cents.

PETUNIA HYBRIDA FLORE PLENA. Double-Flowering Petunia. I know the strain to be good, for I have grown it many years. About one-third of the plants will come double. Per packet, 25 cents.

PETUNIA. Striped and Blotched. I consider our strain of Petunia to be the best ever grown. Per packet, 25 cents.

PHLOX DRUMMONDII GRANDIFLORA. Mixed. A decided improvement on the old sorts. Flowers of immense size, and of the richest imaginable colors. Per packet, 10 cents.

PRIMULA SINENSIS FIMBRIATA. (Chinese Primrose). Finest varieties, mixed. Per packet, 25 cents.

RODANTHE MANGLESII FLORE PLENA. A splendid novelty, with very double, bright rosc flowers. Per packet, 25 cents.

SMILAX. Extensively used for floral decorations and bouquets of all descriptions. Per packet, 25 cents.

VERBENA HYBRIDA CANDIDISSIMA. A decided improvement on the existing white Verbenas, with very large trusses of flowers of the purest white. Per packet, 50 cents.

CABBAGE.

For Cabbages the ground must be highly manured, deeply dug or plowed, and thoroughly worked. A heavy moist and fresh loam is the most suitable. The early sorts are sometimes sown early in Autumn, and protected in cold

frames through the Winter, and transplanted early in Spring; but more generally at the North they are sown very early in the Spring, in hot-beds, or later in the open ground. In the mild climate of the Southern States, where they will stand the Winter, they are planted out in the Fall. Eighteen inches by two feet apart is the common distance.

Martynia.

A hardy annual plant, the seed pods of which, if picked when green and tender, make excellent pickles. Sow in May, in the open ground, about three feet each way, where the plants are to remain ; leave but one plant in a hill, or a few seeds may be sown in a hot-bed and afterwards transplanted. 40 cents per ounce, $4 per pound.

Melon (Water.)

Plant in hills six to eight feet apart, in May. Select warm, light, dry ground, and in preparing the hills let them be dug out broad, and deep as the soil will admit ; fill at least one-third full of the best decomposed stable manure, and mix thoroughly with the soil, filling up a little above the level of the ground. As soon as the plants make their appearance, water them with a solution of guano (two pounds to a barrel of water), and this may be repeated twice a week until the plants are strong and well established. With this treatment they will grow luxuriantly and bear abundantly.

MAMMOTH. Grown to a large size	30	3 00

Radish.

The earliest varieties are raised by our market gardeners in hot beds. They can be sown in the open ground as soon as soil can be worked, in drills from six to eight inches apart, and thin to two inches apart. Sow every ten or twelve days for a succession. The Winter varieties should be sown in August, taken up before severe frosts, and stored in the cellar.

RHAPHANUS CAUDATUS, or RAT-TAIL RADISH. A most remarkable vegetable from India, which produces in a short time pods from one to three feet long	50	

Rhubarb.

Sow in Spring, in a seed bed, in drills one foot apart. Cultivate well during the season, and in the Autumn or following Spring the roots should be transplanted into deep, rich soil, from two to three feet apart. They are fit for use about the third Spring after planting. The most expeditious mode to procure a supply is to plant roots already grown, which will come into use immediately.

VICTORIA. Large, fine for cooking..... 25 cents per oz., $2 per lb.
LINNÆUS. Large, tender, and very fine.....25 " " 2 "

Salsify, or Oyster Plant.

Sow the seed early in Spring, in drills eight inches apart. When two or three inches high, thin them to about six inches apart. They are ready for use in October, and continue good through the Winter and early Spring. 30 cents per oz., $2 per pound.

Spinach.

For Fall use, sow middle of August; for Winter and early Spring, middle of September, and for early Summer, as early as the season will admit, in drills one inch deep and one foot apart.

Tomato.

For early use sow in February or March, in boxes or pots, and place near a window or in a hot-bed. When about two inches high, prick them out singly in small plots, and nurse carefully in frames, and when the danger of frost is past plant them out in a sheltered situation, where they may have the full influence of the sun. To hasten the maturity of the first fruit which sets, pinch off the extremities of the tops, and all the secondary shoots which afterwards appear above the flowers. When the desired number are about half-grown, commence stripping off the leaves, cutting off the new shoots, so that at length the plants may be completely bared of their leaves and the fruit fully exposed to the sun.

Turnip.

For the Spring crop, sow the early sorts as soon as the seed can be got in the ground, in fourteen inch drills, and thin to five or six inches. For the Fall and main crop sow at the North, from the middle of July to the last of August, in drills. In the field Turnips are more generally sown broadcast, though much the largest crops are obtained by drill culture.

PLANTS BY MAIL.

I send through the mail, annually, hundreds of packages of plants, the most of which reach their destination safely, and in good condition, yet I do not recommend the mail as a medium through which to transmit plants, unless you are actually compelled to use it.

In sending orders, it will be to your advantage, if you can possibly be reached by express, always to order your plants sent in that way, as I can send much larger and better plants, and it is not necessary to disturb their roots in packing.

Below I give a list of varieties, with prices, postage prepaid, which I can best send by mail, the foliage of most being comparatively small, and not so liable to get damaged in transit; but with the exception of the largest and most bulky kinds, all plants, if really necessary, can be packed so as to carry very safely by mail.
